HIGH POINT, N.C. - March 6, 2023 – vTv Therapeutics Inc. "We have made a great deal of progress since I joined vTv early in the second half of 2022," said Paul Sekhri, Chief Executive Officer of vTv. "We have significantly strengthened our executive team through key appointments, and importantly continued moving the *TTP399* program ahead, bringing us closer to initiation of the first of two Phase 3 studies, for which we expect to commence launch activities in the second half of 2023. *TTP399*'s Breakthrough Therapy Designation has afforded us the opportunity to engage closely with the FDA as we work to finalize the study protocols for the upcoming pivotal trials. We remain intently focused on the development and potential commercialization of *TTP399*, and look forward to sharing details of our continued advancement."

#### **Recent Company Highlights**

- On February 28, 2023, the Company received approximately \$12.0 million from G42 Investments in satisfaction of the promissory note issued in connection with the common stock purchase agreement entered into between vTv and G42 Investments in 2022. The amount received reflected a 3.75% discount to the full amount in exchange for acceleration of the payment from the due date of May 31, 2023.
- On February 24, 2023, the Company received written confirmation that the FDA is in agreement with its pediatric study plan for the study of *TTP399* in T1D patients between 2 and 16 years of age.
- On February 1, 2023, the Company appointed biotech industry veteran Elizabeth Keiley as Executive Vice President and General Counsel. Ms. Keiley is an accomplished life sciences industry attorney, having held senior-level legal positions at publicly traded biotechnology, diagnostic and medical device companies.

#### **Upcoming Milestones and Events**

• **Pivotal Study Planning.** The Company is preparing to initiate the first of two pivotal, placebo-controlled clinical trials of *TTP399* in subjects with T1D following FDA clearance. The studies are expected to recruit approximately 1,000 patients and at least one of the studies will assess one year of treatment. The FDA and the Company have agreed on the primary endpoint for the studies as the difference between the placebo and

TTP399-treated groups in number of hypoglycemic events. The Company expects to commence launch activities in connection with the Phase 3 trials in the second half of 2023.

• **Phase 2 Study in Type 2 Diabetes.** In collaboration with an affiliate of G42 Investments, the Company is preparing to sponsor a Phase 2 study comparing *TTP399* with placebo in approximately 600 patients with Type 2 diabetes on insulin therapy. This study is expected to be initiated in 2023

# Fourth Quarter 2022 Financial Results

- Cash Position: The Company's cash position as of December 31, 2022, was \$12.1 million compared to \$13.4 million as of December 31, 2021.
- Research & Development (R&D) Expenses: R&D expenses were \$4.0 million and \$5.4 million in each of the three months ended December 31, 2022, and 2021, respectively. The decrease of \$1.4 million is attributable to i) a decrease in spending related to a multiple ascending dose study for HPP737 due to its completion in 2021, ii) a license payment to Novo Nordisk for the completion of TTP399 phase 2 studies in 2021, and iii) lower payroll and severance costs, offset by higher spending on TTP399 due to drug product related costs and trial preparation costs.
- General & Administrative (G&A) Expenses: G&A expenses were \$2.4 million and \$5.7 million for each of the three months ended December 31, 2022, and 2021, respectively. The decrease of \$3.3 million was due to lower payroll and severance costs offset by higher other G&A costs.
- Other Income: Other income for the three months ended December 31, 2022, was \$0.1 million and was driven by gains related to the change in the fair value of the outstanding warrants to purchase shares of our own stock issued to related parties ("Related Party Warrants"), partially offset by an unrealized loss recognized related to the Company's investment in Reneo. Other income for the three months ended December 31, 2021, was \$1.6 million and was related to the unrealized gains recognized related to the investment in Reneo, as well as gains related to the change in the fair value of the outstanding warrants in our own stock held by a related party.
- **Net Loss**: Net loss attributable to vTv shareholders for the three months ended December 31, 2022, was \$4.7 million or \$0.06 per basic share. Net loss attributable to vTv shareholders for the comparable period a year ago was \$7.1 million or \$0.11 per basic share.
